

T&C Tartufi nasce nelle Marche, regione incontaminata del Centro Italia scelta nel 2019 da Lonely Planet come destinazione primaria da visitare al mondo.

Da 30 anni lavora la preziosa materia prima Tartufo creando prodotti per tutti i canali del food, horeca e retail, fornendovi i più elevati standard qualitativi.

La certificazione BIO è stata un passaggio naturale grazie al territorio incontaminato in cui cresce e matura il tartufo.

I nuovi prodotti a base di tartufo bio comprendono i condimenti come l'olio extra vergine di oliva, i tartufi in olio, ideali per arrosti di carne e pesce e la "regina delle salse" la tartufata bio per farcire crostini, pasta, omelettes, pizze e svariate ricette gourmet.

T&C Truffles was born in the Marche region, an uncontaminated area in the center of Italy that was chosen in 2019 by Lonely Planet as a primary destination to visit in the world.

In the last 30 years T&C Truffles has been working with this precious raw material, making truffle based products for every food market, ho.re.ca and retails, to offer you the highest quality levels.

Organic BIO certification has been a natural step to take, thanks to this uncontaminated territory in which truffles grow and mature. The new organic truffle based products are: condiments such as the extra virgin olive oil, truffles in oil that are perfect for roasted meat or fish and the "queen of the sauces" the organic tartufata to fill toasts, pasta, omelettes, pizzas and many other gourmet recipes.
